

# **What's New**

## **June 30, 2020 Renewals**

Certification/Licensure renewals due 06/30/2020 are quickly approaching. Reminder notices were mailed at the beginning of April for those with renewal due 06/30/2020. If you did not receive this notice, the Board may not have a current address on record. Pursuant to [21 NCAC 63 .0405](#), you are required to notify the Board of any changes in contact information, action, etc. within 30 days of the change and you must do so in writing. You may notify the Board of any changes in your contact information by submitting the [Name/Address Change Form](#).

Please submit your renewal as soon as possible to ensure processing prior to the expiration of your certificate/license. Please ensure that you include all three pages of the [Renewal Affidavit](#) [the Affidavit page (completing, initialing and signing the document), the continuing education log page (listing all of your required continuing education hours) and the [Public Notice Statement](#) (please read the information carefully and mark appropriately)] and mail with the appropriate renewal fee. Currently, renewals must be mailed to the Board office at NCSWCLB, PO Box 1043, Asheboro, NC 27205.

Due to the COVID-19 emergency, the Board has adopted Emergency Rules waiving the limitation of twenty hours of continuing education via distance learning, allowing for all hours to be completed through distance learning. However, please be reminded that all distance learning must have ASWB or NASW-NC approval.
